

# How to manage Survey on Recognition

Once individuals have participated in an **Erasmus+** mobility project and submitted their feedback on the experience in the participant report, for **KA107<sup>1</sup>** and **KA103<sup>2</sup>** participants the next step is to fill in the **Survey on Recognition**. The purpose of the survey is to report on the recognition of the mobility period abroad. The survey assesses the quality of the recognition provided upon their return at the sending institution. The Survey on Recognition is completed online in **EU Survey** and is offered in various languages.

The participant receives an email with a dedicated link to the survey. The email request is automatically triggered by the Mobility Tool 45 days after the end date of the mobility is reached. It is only relevant for KA107 projects and KA103 for those mobilities of activity type HE-SMS-P.

1. For KA107, the mobility's end date must be at least 45 days in the past and the participant report must be already submitted. If both of these conditions are met the notification to complete the Survey of Recognition will be sent the next day.
2. For KA103 of activity type HE-SMS-P, the mobility's end date must be at least 45 days in the past and the participant report also submitted. In addition, if the answer to question 4.8 of the participant report is "No, the recognition process is still on-going", then the **Survey of Recognition** will be sent the next day.

Like the participant report, the participant receives an email notification to inform them to complete the Survey on Recognition. They can also save it as a draft for later submission. After being submitted, the participant may download a PDF version of the report, but cannot edit the form again.

The final beneficiary report for the 2016 call will include a section using answers to questions from the standard Participant Reports and from the **Participant reports on Recognition** that were submitted by the time of the final beneficiary report submission. The participant **Survey on Recognition** can be completed any time after the recognition process is finalised.

## Detailed steps

### Steps

## Click on the "Mobilities" Tab of the project.

For KA107, before the **Survey of Recognition** is sent, the end of the mobility date must be 45 days or greater and the participant must have completed and submitted the Participant Report. If both of these conditions are met the Survey of Recognition will be sent to the participant the next day. The column **Recognition report** will only be viewable if you have selected to add the additional columns to the mobility list view. The status in this column will be **NONE**, until both conditions are met: 45 days after end of mobility and the participant report is submitted. When the email notification is sent to the participant the Recognition Report status will be **Requested**. After the participant has submitted the Survey of Recognition the status will change to **Submitted**.

Similarly for KA103 of activity type HE-SMS-P, the mobilities end date must be at least 45 days in the past and participant report must be submitted and only if the answer to the question 4.8 is **No** will the survey of recognition be sent. Likewise when all conditions are met the notification to complete the Survey of Recognition is sent the next day.

Here, in the Mobilities tab, the Participant Report has been submitted and the timeline of the return of the mobility is over 45 days.

### 1 Purpose of the Survey on Recognition

The purpose of this survey is to report on the recognition process of your mobility period abroad. You will have already completed an online survey covering all aspects of your mobility experience. This report, once submitted, will be accessible to the coordinating institutions, their National Agencies and the European Commission. More details in [Specific Privacy statement](#).

**Please make sure you have the information of your Learning Agreement and Transcript of Records (if applicable) with you BEFORE you start filling in this report.**

The term "course" used in this participant report should be understood as meaning the more general term "educational component" used in the Learning Agreement.
